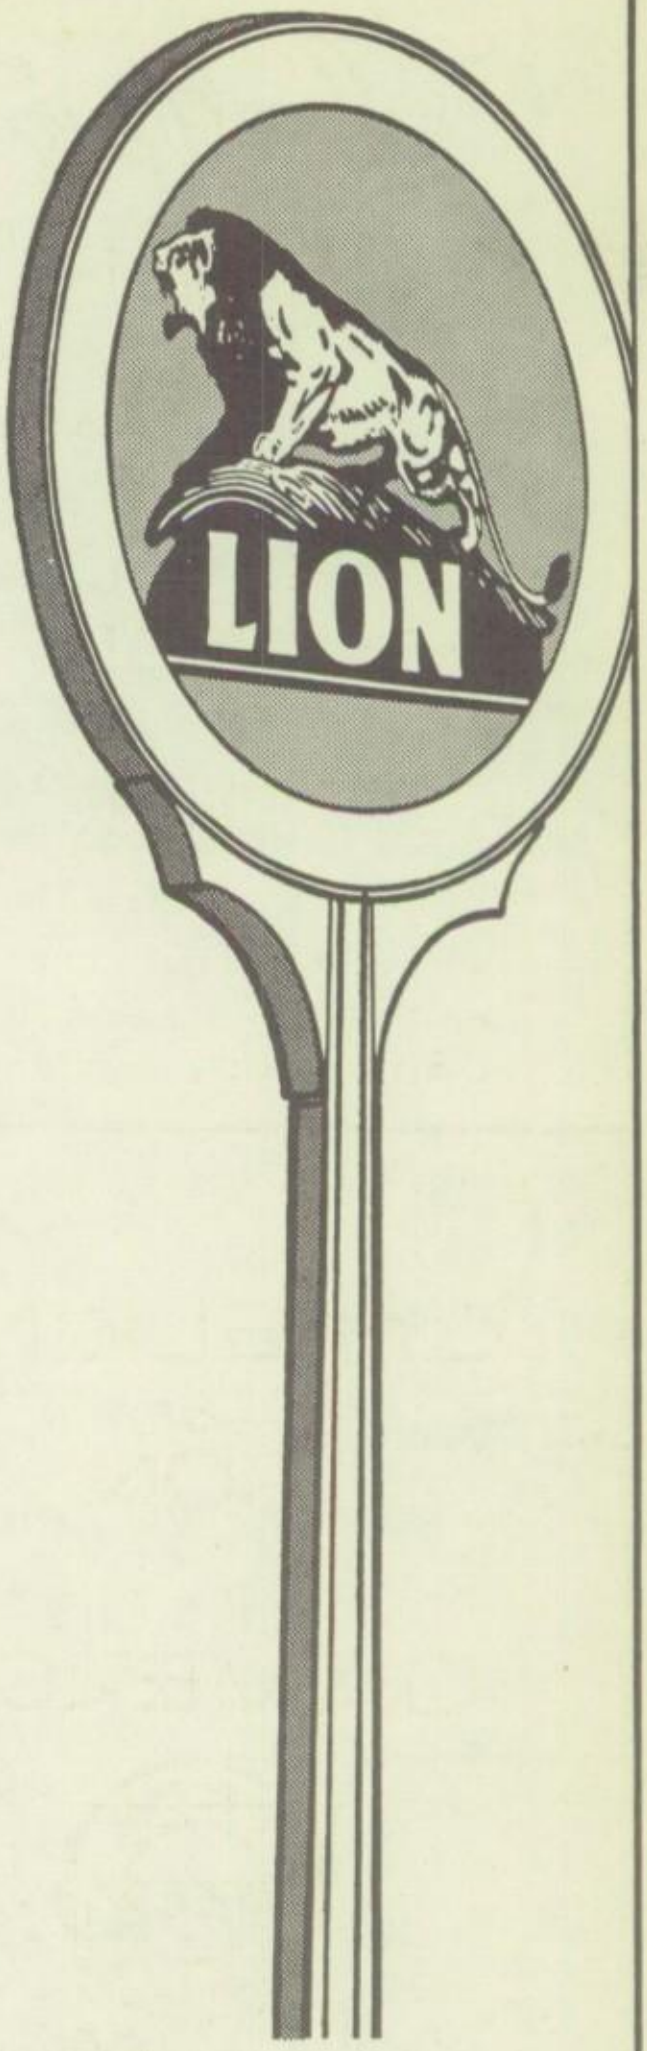
Sign of...

A GOOD NEIGHBOR



Producer of more than 70 *Petroleum* and *Chemical* products for Transportation, Industry and Agriculture, Lion Oil Company is proud of its leading role in the development of the South's industrial potential.

Lion sends to market each year the equivalent of more than 65,000 railway carloads of products from its three manufacturing plants in Arkansas and Louisiana. It pays approximately $17,500,000 yearly to 3,000 employees in wages and benefits, and it pays another $17,000,000 in taxes. Altogether, Lion puts nearly $100,000,000 into circulation annually throughout its territory.

Industrial development is going ahead in the South on a bigger scale than ever before. Lion Oil Company continues to lead the way with the most advanced methods of manufacturing, finding and producing vital raw materials, and in scientific research. The result: more jobs, better products for consumers, conservation of resources and more efficient use of those resources. No wonder that to Southerners, the Sign of the Lion has truly become the *Sign of a Good Neighbor!*
